FULUFHELO GIFT RAMUKHADI

COMPUTER SCIENCE GRADUATE

Mobile: 081 866 6961 | Email: gift.ramukhadi@gmail.com
Tshaulu, Limpopo

PROFESSIONAL SUMMARY

Honours Computer Science graduate with strong knowledge in Artificial Intelligence, Algorithms, and Systems Design. Skilled in research, analysis, and problem-solving through coursework and projects. Experienced in both theoretical concepts like AI, Computer Security, and Networks, as well as practical full-stack development. Looking to use these skills to build innovative software solutions in a development role.

EDUCATION

Jan – Dec 2025 **Honours in Computer Science**

University of Limpopo

Relevant Modules: Advanced Database, Computer Networks, Computer Security, Operating Systems.

2019 – 2024 **Bachelor of Science (Computer Science Major)**

University of Limpopo

Relevant Modules: Computing Concepts and Algorithms, Data Structures, Computer Architecture, Database Systems and Artificial Intelligence.

2013 – 2017 **National Senior Certificate (NSC)**

Mpandeli Secondary School

RELEVANT EXPERIENCE

Cloud Technology Knowledge

- Basic understanding of cloud computing concepts, including how applications and data can be stored and managed in the cloud.
- Familiar with the role of cloud platforms such as Microsoft Azure in modern software systems.

School Management Project

- Designed and developed a full-featured School Management System to manage students, teachers, and reports.
- Built using PHP, in front-end (HTML, CSS, JavaScript).
- Integrated a PostgreSQL database for secure data storage and retrieval.
- Implemented features like user authentication, student Application, and grade management.

SKILLS & ABILITIES

Technical Skills

- Programming & Scripting (Python, Java, JavaScript, C#)
- Web Development (HTML, CSS, PHP)
- Database Management & SQL (PostgreSQL)
- Cloud Computing Fundamentals and Basic Understanding of Microsoft Azure
- Software Development Concepts

Soft Skills

Adaptability and willingness to learn; strong problem-solving abilities; attention to detail; teamwork and collaboration; effective written and verbal communication; time management; positive work attitude; and analytical thinking.
